

Renata Halvorsen

Research Program Coordinator · Cascadia Marine Institute

18 Nautilus Court, Mill Valley, CA 94941 · (415) 555-0173 · r.halvorsen@cascadiamarine.org

CURRICULUM VITAE — JUNE 2025

PROFILE

Marine scientist and research administrator with twelve years of experience coordinating intertidal and subtidal field programs along the northern California coast. Manages permitting, compliance, and sponsored-programs logistics for multi-institution collaborations, and files and tracks state and federal research authorizations on behalf of principal investigators.

EDUCATION

M.S., Marine Science — *San Francisco State University* 2013

Thesis: Recruitment dynamics of articulated coralline algae on wave-exposed rocky shores.

B.S., Biology — *University of California, Santa Cruz* 2010

Concentration in ecology & evolutionary biology; honors in the major.

PROFESSIONAL EXPERIENCE

Research Program Coordinator — *Cascadia Marine Institute* 2019 – present

- Coordinate field logistics, permitting, and reporting for coastal research programs spanning the North Coast Redwoods and Mendocino districts.
- Prepare and submit scientific research & collection permit applications and annual reports on behalf of investigators; maintain the compliance calendar and renewals.
- Manage inter-agency data-sharing agreements and voucher-accession paperwork with partner herbaria and museums.

Research Associate — *Bodega Marine Laboratory, UC Davis* 2013 – 2019

- Led rocky-intertidal monitoring surveys and maintained long-term photo-quadrat datasets.
- Trained and scheduled seasonal field crews; oversaw diver safety and specimen-handling protocols.

SELECTED PROJECTS & SPONSORED PROGRAMS

- Coordinating investigator, *Coralline Diversity & Reproductive Systems of Northern California* (NSF systematics award), 2024 – present.
- Program coordinator, Mendocino Rocky-Shore Resilience Network — multi-park intertidal monitoring, 2021 – present.
- Permitting lead, State Park coastal-access & collection authorizations (12+ active permits).

SKILLS & CERTIFICATIONS

- Scientific permitting & regulatory compliance
- Field-program logistics & crew coordination
- AAUS Scientific Diver
- Wilderness First Aid / CPR
- GIS mapping (QGIS), data management
- Grant & sub-award administration

PROFESSIONAL SERVICE

- Member, Western Society of Naturalists.
- Volunteer coordinator, California Coastal Cleanup — Marin County sites.
