

Additional Permit Details

SEPARATE COLLECTING AUTHORIZATION

This application references a separate collecting authorization required for a subset of activities. The Natural Resources Division flagged the permit "Additional permit required" pending confirmation the authorization below is in hand before issuance.

Authorization on file

Authorization no.	GM-2333-CA-2026
Issuing agency	California Department of Fish & Wildlife
Holder	Dr. Alena Reyes, Cal Poly Humboldt
Scope	Incidental take / handling of non-listed marine algae during scientific survey
Valid	Jan 1, 2026 – Dec 31, 2026
Status	Issued — copy provided to the permit coordinator

Relationship to this permit

The DPR Scientific Research & Collection Permit governs access and collection within the State Park units listed in the application. The CDFW authorization above covers handling requirements outside the scope of the DPR permit. Both must be carried by field personnel during all activities.

Contact the holder at areyes@humboldt.edu for the full authorization document.
